TAFE NSW Riverina Institute shearing teacher Billy Kimber with Certificate III In Agriculture student and the new shearing platform.

Unique trailer a winner for Junee inmates

A UNIQUE mobile shearing trailer, designed and built by inmates at Junee Correctional Centre will make shearing and crutching more efficient.

Inmates studying Certificate II in Metal Fabrication and Welding at Tafe NSW Riverina Institute's planned and constructed

a mobile shearing trailer in conjunction with staff at Riverina Institute's Primary Industries Centre.

Inmates studying Certificate III Agriculture will be using the trailer to crutch the Junee Correctional Centre farm sheep.
