## LETTERS TO THE EDITOR

### WELL DONE, CAPTAIN ROBBIE

Once again, I find myself writing to you concerning another fine example of an excellent member of your community retiring.

In my role as the 1st Governor of the Junee Correctional Centre, I could not ask for a finer individual to work with in setting up procedures for fire safety at the gaol.

As time progressed, I could see the dedication and passion Captain Robbie Duncan gave towards the community in which he served in many ways from public safety to charitable projects.

I consider him to be one of the finest individuals I have ever met.

I wish him and his fine family many years of well earned retirement.
